

Two Bad Cats, LLC.

Dibble Wheel Possible Spacing

3" Spacing
All dibbles on the 3's

4" Spacing
Dibbles on the 4's only

6" Spacing
Every other 3

8" Spacing
Every other 4

12" Spacing
4 corners
(yes it's round)

15" Spacing
Every 4th 4
3 dibbles

22" Spacing
2 Dibbles opposite sides

41' Spacing
1 Dibble anywhere

Screws holding the dibbles may be hard to remove to start, but will loosen with use. The washers under the wing nuts can be used, as a screwdriver would be used, to hold the screws as you loosen or tighten the dibbles. Accuracy will vary with soil conditions. Made in Vermont, USA!
